Summer 1, 2017

BLACKPOOL YEAR 11 LEAVERS TRIP

On Friday 4th May, our Year 11 pupils went to Blackpool Pleasure Beach with Mrs Grant, Mr Buckingham and Miss Slack. The trip was to enable the group to have some fun prior to starting their GCSE exams.

The pupils all had a fantastic time in the sunshine. They went on many different rides, ate ice-cream and had lots of laughs. One of the main highlights of the day was seeing Mr Buckingham and Miss Slack getting soaked on the log flume.

The group all showed exemplary behaviour and came home exhausted.

LIBRARY TRIPS

This term Mrs Archer has continued to take Year 7 to Cheadle Hulme Library. This is not only a great way for our pupils to engage

in reading by having access to a wider variety of books but also affords

them the opportunity to see the local community with a mile round walk!

AFTERNOON TEA

On Thursday 25th May, Parents were invited to attend an Afternoon Tea with Miss Patterson and Mrs Anthony. This gave them the opportunity to chat informally with the Headteacher and the Proprietor.

During this event it was decided that the parents would help organise an event during the Dyslexia Awareness week in October 2017.

As a school we have always been proud of our knowledge and expertise in helping children with dyslexia and other associated difficulties, and it was agreed that this would be a good way to show the community what we have to offer.

We would like to thank Mrs Hammond and her Food and Nutrition pupils for baking the delicious scones.

MANCHESTER ATTACK

Sadly on Monday 22nd May, the Manchester Arena was the target of a terrorist attack, which took the lives of 22 people.

On Tuesday 23rd May, Mrs Anthony held an assembly to discuss British Values and how the Mancunian community, in the face of adversity and great sadness, had all joined together to provide support for those in need. This included the emergency services, businesses and the general public.

All pupils were informed that although we cannot change what happened on that devastating night, we can change the future by offering support and help to those who may have been affected by this.

We join together in condemning this as a distorted ideology. We are a community which celebrates British Values. We are members of a society where tolerance of one another, mutual respect and a celebration of diversity is what makes us great.

All our children were given advice on who they could speak to should they feel anxious whilst at school.

The school also took part in the National minute's silence.

CITY TRIP

This term Mr. Mather has taken a number of his PE pupils to the Manchester City training grounds to referee matches. This is part of their preparation for the GCSE curriculum. On one of their visits the children met some of the City players

and had the opportunity to have photographs taken with them. They all had a good time despite some being United fans. We have another trip taking place on 30th June for more refereeing practice and hopefully another chance to meet more players.

YEAR 11 GCSE

Our Year 11 pupils are now half way through their GCSE exams. There is not long left until it will all be over and they will be able to enjoy their summer break before venturing on to various collages, job opportunities and apprenticeships. Good luck to all our pupils who are sitting exams in the coming weeks.

AFTER HALF TERM

The following event will be taking place in the second half of this term:

- Thursday 8th June, Juniors and Year 7 pupils are going to the Opera House to see 'Gangsta Granny'.
- Week commencing 3rd July, we have Activity Week with Junior and Year 7 pupils going to Dukes Barn Activity Centre, Lyme Park Adventure Trail and the Crocky Trail.
- The same week, Year 8, 9 and 10 pupils will be venturing out to Petty Pool Activity Centre, Salford Quays Water Sports Centre, the Lowry Art Gallery and Orienteering in Lyme Park followed by camping on the school grounds!

WELL WISHES

This term one of our Year 9 pupils underwent major surgery. We are pleased to have been advised that the surgery was a success and he is now on the road to recovery. Since the operation some of our pupils have sent letters and a 'get well soon' video.

STOCKPORT & AIRPORT TRIP

This term Miss Axford has taken some of our Year 7 pupils out locally. They have been to Manchester Airport where they completed a tally of the different airlines taking off. They have also been on various bus trips to Stockport. These trips are not only educational but also help to develop life skills and independent travel.

Ofsted Action Plan Update

We are still waiting for the Ofsted monitoring visit, which will now take place at some point this half term. We have gone above and beyond what we have stated within the Action Plan and are confident that this visit should be a success.

The School has now purchased the management information system, Arbor Ed and the data entry has almost been completed.
